EXECUTIVE OVERVIEW

FULL-SERVICE SECURITY & RISK MANAGEMENT

Caretaker Security Service Company is a full-service company providing tailor-made security and risk management solutions to a wide range of clientele throughout Uganda.

Originally established and incorporated in Kampala under the Companies Act (Section 16:1), the company soon expanded its base with resources across Uganda. Along with our strategic partners, Caretaker Security focuses on building a professional security company with special emphasis on specialized security and risk management solutions, including international and domestic site security.

At Caretaker Security, we are not just a security company — we are your trusted guardians, dedicated to safeguarding what matters to you.

Site Security — Manned Guarding

Armed and unarmed options. Well-motivated guards, comprehensively vetted and trained prior to recruitment — monitored manually and electronically through hourly radio checks, motorized supervision and management spot checks.

Alarm & Response

Wired and wireless, manual and automatic alarm systems. A well-equipped control room operating 24/7, with standby Quick Reaction Force vehicles allocated to zones for emergency response.

Fire Fighting

Fire equipment supply, installation, servicing and inspection; emergency response and rescue; detailed site audits and surveys — in close working relationship with our regulator, the Uganda Police.

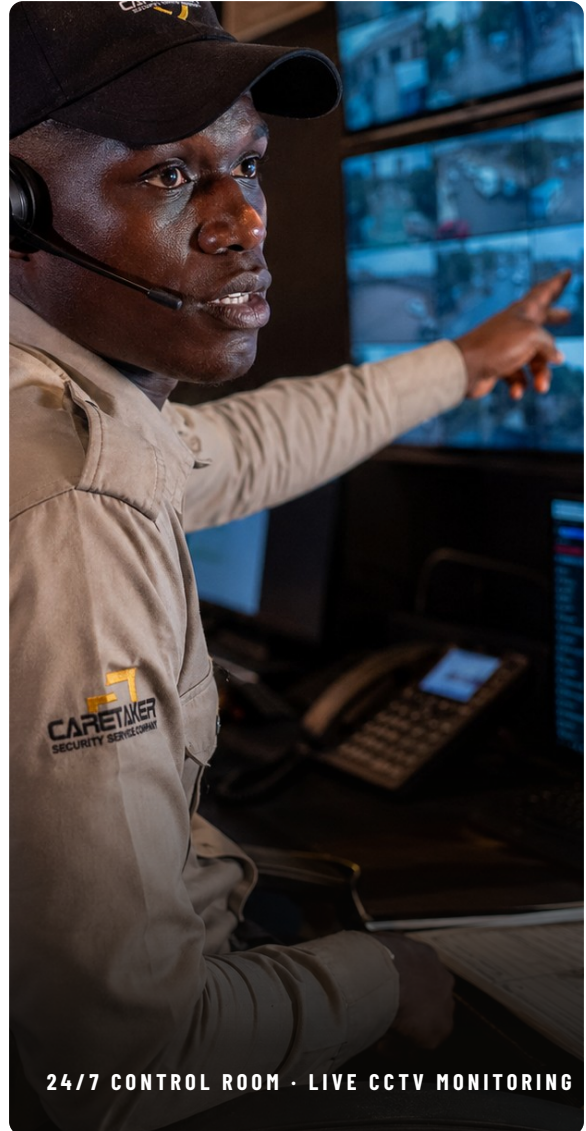

Monetary Cash Management

Teller services, vaulting and cash-in-transit, delivered with precision and accountability.

Mentoring the Next Generation

We invest in our staff — fostering a new generation of security experts who are not only skilled, but share our commitment to trust.

Proven Management Methods

Effective methods based on proven security and business management techniques – quality services, project and risk management, health and safety, and staff support.

Fiscal Discipline

Established fiscal practice and prudent project management has produced significant savings for many clients – without compromising quality or service.

Local & International Depth

Directors, Management and Training Team with both local and international management experience and a solid history of successful project staffing.

International Operations Record

Our key professionals have provided security operations and protective services in Iraq for the Multi-National Forces – Iraq (MNF-I) and the Joint Contracting Command – Iraq/Afghanistan (JCC-I/A), serving delegates and NGOs in the rebuilding of Iraq. Operations have also been conducted in Kenya, Congo and Sudan on behalf of external company interests.

01 One Level of Quality

To Caretaker there is only one standard – exceeding clients' expectations, underpinned by Total Quality Management and QMS standards.

02 Multi-Layer Supervision

Guards monitored manually and electronically: hourly radio checks, motorized supervision and management spot checks.

03 Rigorous Vetting

Identity verification, Police & CID (Interpol) background checks, local council confirmation, residence verification and health screening before enlistment.

04 Continuous Training

Training is not complete with the initial course – it is continuous throughout service, so personnel consistently exceed client requirements.

05 Top-Down Quality Process

Measurable standards with performance monitored at every level – from the Directors to the Static Security Officer.
